

Dear _____ Date _____

I am here today to urge you to do what you can to protect the right to life of all human beings. Please support the following if you are given the opportunity:

- The bills that would guarantee that women receive all information necessary to make a truly informed choice concerning abortion. I support mandatory ultrasound before an abortion, informing a mother that her baby feels pain during an abortion and protection for women from coerced abortions.
HB 46 - Sponsor: Cynthia Davis HB 434 – Sponsor: Bryan Pratt
SB 264 - Sponsor: Robert Mayer
- The bills that would send a message to President Barack Obama, the U.S. Senate President, the U.S. House of Representatives and the Missouri Congressional Delegation that Missouri is a pro-life state and Missouri citizens stand opposed to the so called “Freedom of Choice Act” FOCA.
HR 212 – Sponsor: Cynthia Davis HR 294 – Sponsor: Bob Dixon
SCR 11 – Sponsor: Matt Bartle
- The bill that would specify that pharmacies will be immune from liability for refusal to perform, assist, recommend, refer to, or participate in any act or service in connection with any drug or device that causes an abortion. **HB 226 – Sponsor: Ed Emery**
- The bills that would require the Department of Health to update their record keeping of abortion statistics. **HB 570 – Sponsors: Belinda Harris & Therese Sander**
- Legislative limits so state funding does not subsidize abortion, research involving human embryos, fetal tissue harvesting or human cloning. A difficult problem for the Legislature is that passage of Amendment 2, now in our Missouri Constitution, made it nearly impossible to impose legal restrictions that protect life in Life Sciences Research appropriations. **I urge the Missouri Legislature to withhold funding and tax credits from all agencies that cannot legally exclude cloning from life science or economic development programs and to support actions to ban human cloning without the loop holes of Amendment 2.**

I appreciate your service to your district and to Missouri and hope to be able to speak to you personally about pro-life issues.

Please do not hesitate to contact Susan Klein, Legislative Liaison for Missouri Right to Life, or the Missouri Right to Life state office with any questions or comments.
