

**TESTIMONY OF MISSOURI RIGHT TO LIFE
IN SUPPORT OF SS SCS SB 20
Before the House Children, Families and People With Disabilities Committee
February 12, 2013**

Missouri Right to Life strongly supports the tax credits for Pregnancy Resource Centers. The tax credits allow an opportunity for the PRC's to offer alternatives to having an abortion to women who find themselves in a crisis situation while pregnant.

Missouri Right to Life encourages this committee to extend the opportunity for Pregnancy Resource Centers to receive these tax credits as you have done with HB 87.
