

**TESTIMONY OF MISSOURI RIGHT TO LIFE  
IN SUPPORT OF HB 288  
Before the House Children, Families and Persons With Disabilities Committee  
February 5, 2013**

Missouri Right to Life strongly supports the tax credits for Pregnancy Resource Centers. The tax credits allow an opportunity for the PRC's to offer alternatives to having an abortion to women who find themselves in a crisis situation while pregnant.

Missouri Right to Life encourages this committee to extend the opportunity for Pregnancy Resource Centers to receive these tax credits and help them use them wisely.
