

**TESTIMONY OF MISSOURI RIGHT TO LIFE
IN SUPPORT OF HB 1252**

MRL is here to testify in support of HB 1252 which specifies that anyone found guilty by the court to have attempted to coerce the mother of a child to obtain an abortion, the court may deny custody to that parent.

The mother of her child should not be forced by anyone to obtain an abortion.

MRL is supportive of this legislation which promotes life for the baby and protection for the mother of her child.

We thank the sponsor for bringing this bill forward.

MRL urges your support of HB 1252.
