

**TESTIMONY OF MISSOURI RIGHT TO LIFE  
BEFORE THE HOUSE CHILDREN AND FAMILIES COMMITTEE  
IN SUPPORT OF HB 124**

**January 27, 2015**

Missouri Right to Life supports HB 124. HB 124 requests one additional component be added to women's informed consent legislation passed in 2003. HB 124 requires the Department of Health and Senior Services to produce a video to help ensure that complete information required by law is given by the physician to all women prior to an abortion.

Some information "not" required to be on the video is information that may change over time.

We urge the committee to take up and pass this very important legislation.
