

## Legislative Update – April 26, 2013

### **Action Alert: Call Your State Senator and Ask Him or Her to Take up and Pass the Legislation to Ban Web-Cam Abortions – SB 175 or HB 400**

#### Priority Pro-Life Legislation

SB 175 & HB 400 - Establishes the requirements for the administration and regulation of RU-486 and other abortion-inducing drugs and chemicals and would ban web-cam abortions in MO. When web-cam abortions began in Iowa they went from approximately 5 abortion clinics to 17. We do not want this to happen in Missouri!

SB 175 is sponsored by Senator Wayne Wallingford. SB 175 is now on the Senate Calendar for Perfection. We ask the Senate to take up and pass SB 175.

HB 400 is sponsored by Representative Jeanie Riddle and 114 other House members (a veto proof bi-partisan majority). **HB 400 is in the Senate and will be heard in the Judiciary and Civil and Criminal Jurisprudence Committee Monday, April 29 at 1:00 p.m.**

#### Budget Bills

The Senate took up and passed the Senate Committee Substitutes for all budget bills this week. The House and Senate must come to a compromise between the two versions so Conference Committees will be meeting to finalize the budget to take back to each chamber for final passage. Appropriation Bills must be Truly Agreed and Finally Passed by May 10th.

Thank you to all House and Senate members that supported the Alternatives to Abortion (A2A) program and the public awareness program for A2A, found in SCS HCS HB 5. The House and Senate held the same position for A2A at \$1,533, 561 and \$50,000 from Federal funds. They also approved \$50,000 for the A2A public awareness program. This is a grand total of \$1,633,561 for the Alternatives to Abortion program.

Thank you to all House and Senate members that maintained the pro-life protections on HCS HB 7, the Economic Development Appropriation Budget Bill. The pro-life language in Section 7.035 of HCS HB 7 will prevent the tax dollars in this bill from funding human cloning and research on human embryos.

#### Economic Development

HCS #2 HB 698 moved quickly this week from the House to the Senate, to a Senate Committee Hearing and straight to the Senate Calendar for next week. The SCS for HB 698 is under review as we report this lifeline.

Missouri Right to Life's goal is to ensure that our tax dollars, or tax credits and tax incentives are not given to any business that does abortion, human cloning or embryonic stem cell research. In these last weeks of session legislators, and lobbyists, begin looking for other similar legislation that they can amend with the language of their issues. We are watching for amendments on other economic bills that require pro-life protective language.

**Movement on Pro-life Legislation: NOTE: Last Day of Session is Friday, May 17 at 6:00 p.m.**
