MISSOURI RIGHT TO LIFE STATE PAC ENDORSES MIKE PARSON FOR GOVERNOR FOR 2020 ELECTIONS

The following statement is from Susan Klein, Executive Director of Missouri Right to Life State Political Action Committee:

Missouri Right to Life State Political Action Committee is pleased to give a single endorsement to Mike Parson for Governor for the 2020 elections. This endorsement represents our selection of Mike as the candidate who has a proven record and has consistently worked for the protection of innocent human lives.

In his almost 15 years of public service in state government, Mike has defended vulnerable people throughout Missouri. Mike's leadership as Governor and his compassion for people has placed the protection of women and babies as a top priority in Missouri politics.

Mike "Stands for the Unborn" with the majority of Missourians. This stand was evidenced during the 2019 legislative session with the passage of HB 126 and at the bill signing. Mike has also been strong in appointing individuals with strong pro-life convictions in critical positions within his administration. These positions are critical to continue pro-life policies in Missouri that work to protect women and unborn babies.

In contrast, Nicole Galloway, now a candidate for Governor, has made it clear in her announcement that she clearly will ensure that innocent babies can be killed by abortion. Nicole would take Missouri backwards and end protections for women and unborn babies and she will do this under the banner of keeping abortion legal and giving women the right to choose death for their unborn baby for any reason.

We must elect Mike Parson for Governor in November of 2020 so we can continue to live in a Missouri where women and babies are equally protected!
