PRO-LIFE MISSOURIANS CELEBRATE ELECTION VICTORIES

The following statement is from Steve Rupp, President of Missouri Right to Life:

Pro-life Missourians delivered a win over well-funded abortion forces Tuesday by electing Attorney General Josh Hawley to the United States Senate. Hawley defeated entrenched, incumbent Claire McCaskill in a decisive referendum on her voting record against the unborn, conservative judicial appointments, and pro-life policies.

Senator-elect Josh Hawley is publicly committed to preserving the values of life and liberty in an increasingly hostile culture. With his experience defending pro-life legislation and our religious freedoms, Hawley is perfectly suited to continue his life-affirming efforts in Washington, D.C.

We are so excited to have two pro-life Senators in Washington to represent our Missouri values! Missouri Right to Life (MRL) and National Right to Life Federal Political Action Committees are proud to have supported Hawley's candidacy with early endorsements. Our MRL PACs worked tirelessly through volunteer hours, mailings, calls and various GOTV strategies to elect strong pro-life federal and state lawmakers.

In state races, the MRL State PAC endorsed in 146 races, achieving an 88% victory. In addition, the MRL Federal PAC worked to return all our pro-life Congressional delegation to Washington.

We deeply appreciate President Donald Trump and Vice-President Mike Pence in leading the efforts to elect Attorney General Josh Hawley to the U.S. Senate.

Thank you to all MRL PAC volunteers! Job well done! We are also grateful to the people of Missouri who have placed trust in our evaluations and endorsements. Together, we have made a difference, elected pro-life legislators and now we have to get back to our critical pro-life work.

We look forward to working with our state legislators and all our Congressional delegation, especially Senator-elect Josh Hawley and Senator Roy Blunt to save innocent human lives!
