Update on Pro-Life Provisions in State Budget:

Last Thursday, the House sent the State Budget to the Missouri Senate for continued consideration. We commend and thank all the House members that voted for the pro-life provisions and funding in the following budget bills:

HB 7 – Department of Economic Development: The House continued pro-life language in section 7.035 on the Life Sciences Research Fund.

HB 10 – Department of Health and Senior Services: The House continued pro-life language in section 10.725 that actually discusses state funding for family planning.

HB 11 – Department of Social Services – Funding for pro-life programs to help women in crisis pregnancies:

1. Funding for the Alternatives to Abortion Program – Total from all sources for all provisions: \$8,958,561.00
2. Funding for the Show-Me Healthy Babies Program – Total from all sources for all provisions: \$60,296,982.00

We will follow these provisions as the Senate continues to work on the budget and then when the House and Senate work out their differences.

Work on the State Budget must be completed by Friday, May 7th.

Continue to pray for our Legislators as they make decisions on pro-life legislation in the last 5 weeks of the 2021 Legislative Session.

The last day of the legislative session is Friday, May 14th at 6:00 p.m.

At this time there have been 630 bills and 49 various resolutions filed in the Senate. There have been 1,422 bills and 125 various resolutions filed in the House.

PRO-LIFE CONCERNS WITH MEDICAID EXPANSION CONTINUES

Missouri Right to Life 2021

During the August 2020 election cycle, Missouri Right to Life PAC opposed the Medicaid Expansion Initiative no. 2020-063 (as numbered by the Secretary of State). Proponents sought signatures from voters to put it on the ballot. The proposal ignored the growing danger that the Hyde Amendment would be terminated, leaving unborn children completely exposed to governmental funding of abortions if their mothers are covered by Medicaid. We now see that the termination of the Hyde Amendment is a very real possibility if not probability. The proposal also means greatly expanding current Medicaid funding of abortions of newly-formed human beings by means of prescriptions of the so-called "morning after" pills.

For pro-life reasons, pro-lifers find Medicaid Expansion unacceptable. Abortions are not health care, and Missourians should not be forced to pay for more of them.
