

**Join Pro-life Groups from across
Missouri at the State Capitol on Monday,
February 7th, to show your support for
a 7:1 Congressional map!**

Secretary of State Jay Ashcroft supports a 7:1 redistricting map that would provide the opportunity for Missourians to send more conservative Representatives to Congress.

We need to help our Pro-Life Champions in the Missouri Senate who are advocating for the 7:1 Congressional map! We need to encourage the entire Republican caucus in our State Senate to support the 7:1 Congressional map.

Why? Because we need to send every Pro-life Republican to the U. S. House of Representatives that we can.

In Missouri we can send 7 Republicans to D.C. We don't have to settle for the weak 6:2 map that the Missouri House barely passed.

The Missouri Senate is scheduled to debate the new district map on the floor on Monday, Feb. 7 when the Senate goes into session at noon. We need to shine the light!
