Legislation for 2022 Legislative Session

CONGRESSIONAL MAP UPDATE

The map has not been completed. House and Senate deciding on whether to go to conference while working on other versions of the map. Continue to pray for all our Representatives and Senators.

PRO-LIFE LEGISLATION FOR THE WEEK

The House perfected an omnibus pro-life bill this week. Below are the actions and outcome of the House debate regarding HCS HB 2012 and the amendments that made it and the amendment that did not. HCS HB 2012 is a very good pro-life bill and should be sent to the Senate soon.

1. HCS HB 2012 (Sponsored by Hannah Kelly) – Underlying bill expanded on the protections to prevent baby body parts from being shipped out of state. HB 2012 also prevented the hoarding of baby body parts, preventing them from being kept on shelves after an abortion.
2. HB 1854 (Sponsored by Nick Schroer) was amended on to HB 2012 – Defunding of Planned Parenthood. This is important because of the Biden administration attempting at every turn to get rid of the Hyde Amendment.
3. HB's 1593 & 1959 (Sponsored by Sara Walsh and Doug Richey) was amended on to HB 2012 – “Born Alive Abortion Survivors Protection Act” giving care to babies born alive after an abortion.
4. Amendment by Adam Schnelting for prosecution of criminal conduct for anyone committing the crime of rape or incest resulting in pregnancy.
5. Amendment NOT making it on HB 2012 because of layers of amendments by other Republicans, the language of the Texas style bill banning abortion was not put on HB 2012. This amendment also included other provisions included in the other amendments that were adopted. The sponsor of this language is Mary Elizabeth Coleman.
6. HB 2810 (Sponsored by Brian Seitz) was amended on to HB 2012 – Regulating abortion-inducing drugs shipped into Missouri residents without an in-person consultation with a physician. Penalties for companies that put women at risk, allows for people to sue the companies and for the Missouri Attorney General to prosecute the companies breaking Missouri laws. This language prevents the “trafficking of abortion-inducing drugs”.

NOTE: After a vote in House Fiscal Review Committee and the 3rd read vote & passage by the House, HCS HB 2012 as amended will go to the Senate.

Congressional map that does not have a 7-1 drawing of districts. A 7-1 Congressional map would give Missouri and our Missouri Right to Life PAC the opportunity to work to elect a 7 Republican pro-life Congressional delegation. The Biden Administration, which includes

Nancy Pelosi, has been to promote abortion on demand and have every American pay for all abortions. This has got to stop.)

SR 436 – Sponsor: Pro-Abortion John Rizzo – Proposed Rule Change that Would raise the threshold for calling the previous question in the Senate from 21 to 23 (**Oppose**)

January 10, 2022 – Instead of just voting on the pro-abortion rule, Senate President Pro-Tem Dave Schatz offered an amendment to keep the threshold the same but increase the number of Senators needed, from 5 to 10 supporting Senators, to start the PQ process. With his amendment SR 436 passed the Senate by a vote of 21 YES to 11 NO and in so-doing the PQ process has been made more difficult to shut down the filibuster. 12 Republicans joined 10 pro-abortion Democrats to raise the numbers needed to begin the process to shut down the filibuster and come to a vote. The PQ process has not been changed for 51 years. This change will affect the ability to pass any conservative value issues like pro-life protections. This was not necessary for a super-majority Republican controlled Senate to do.
