

TO: Honorable Members of the Missouri General Assembly

FROM: Steve Rupp, President
Ed Grewach, Legislative Director
Susan Klein, Executive Director

DATE: April 17, 2024

SUBJECT: Missouri Right to Life's Position on the Election Integrity Language in IP Reform Legislation SJR 74 and HJR 86

Initiative Petition Reform in Missouri is critical. In the past few years, the U.S. has experienced documented voter fraud in many states. There is also evidence of foreign governments influencing not only elections here in the U.S. but in other countries as well. It seems honesty and integrity in elections around the world are things of the past.

Here in Missouri we need to fight against this trend and ensure that our Missouri Constitution is protected from those who are not allowed to vote legally in our country and from foreign governments seeking to change our Missouri Constitution to suit their own interests. We cannot allow a right to abortion, and those who would profit from it, being placed in our Missouri Constitution.

Please support SJR 74 and HJR 86 with the Election Integrity language included. This is important to all Missourians and especially to pro-life Missourians.
